Personalized Learning Time (PLT)
Two periods of instructional time each week is set aside as “self-directed” time for students to independently learn and pursue their passions with teacher support and mentorship. Students are given choice and ownership over their learning, while staff facilitate by providing a supportive learning environment (sign-up required).

Report Cards – Tuesday, November 22
Parents/students: Reports Cards for all students should be uploaded to MyEdBC as a pdf by the end of the school day. All parents and grade 8 students will receive an email this week requesting you to login/register and/or change your MyEdBC password. All students in grades 9-12 should already have their log-in credentials. MyEdBC Portal tips and instructions are available on our [website](#). Assistance for parents can be requested via this [link](#).

On Monday, November 21st, grade 8 classes in Block A will visit the computer lab during block A to set-up their access to MyEdBC. Grade 8 students will need an email address to have access to MyEdBC. This access is important as MyEdBC is the platform where students/families can see student schedules, absences/lates, report cards, and request courses for next year (in the Spring).
