CLC Conference Day #2 – Tuesday, January 31st

Last week, all students (11/12s on Monday and 8/9/10s on Tuesday) were sent an email with instructions on how to sign-up (online) for their three Sessions. Information about our Careers Day is also on our [website](#). For any student who did not sign-up for 3 sessions by last Thursday night, CLC teachers randomly placed the students into available sessions.

On Tuesday morning, all students must report to their homeroom class at 8:30am, where they will receive a hardcopy of their schedule for the day.

We are extremely excited for this day where students will hear from people in the ‘real world’ talk about their stories and their careers. Presenters/topics include Dietician, Interior Designer, Law Enforcement, EA Sports, Lawyer, Neurologist, Auto Industry, Civil Engineering, Marketing, Real Estate Development, Nursing, Journalism, Amazon, Banking, Artists, Firefighting, Politician, Counsellors, Auto, Mechanic, Accountant, and more.

Core Competencies Self-Assessments #1

The last session of Career Day is an assembly where administration and counsellors will briefly present about how Cambie students will fulfill the Ministry of Education requirement that secondary students self-assess their progress within the Core Competencies three times per year.

At Cambie, this self-assessment will be online and will happen in January, April, and June. The resulting reflective data will be emailed home in an attachment.

Information about our school’s Core Competency reporting out plan and process is on our [website](#). This includes a PowerPoint explanation and the webform to complete the online self-assessment itself. Students are only required to reflect on **TWO** Core Competency areas. This can be completed on a cell phone, tablet, laptop, or desktop computer.

Core Competencies Online Self-Assessments are due on February 3rd at 4:00pm.

Personalized Learning Time (PLT)

Two periods of instructional time each week is set aside as “self-directed” time for students to independently learn and pursue their passions with teacher support and mentorship. Students are given choice and ownership over their learning, while staff facilitate by providing a supportive learning environment ([sign-up](#) required).

Program Planning

Program Planning time is here! Our current students and their families should now be thinking about the courses students will request for next year. Our [website](#) has all the information needed for program and course planning. See the [Program Planning Guide](#) for more information about all of our courses. We will have grade assemblies for grades 8-11 students on February 7th, followed by student entering of course requests in MyEdBC and completion of Course Selection sheets by February 16th.
