Every student, every day, whatever it takes!

“There is no end to education. It is not that you read a book, pass an examination, and finish with education. The whole of life, from the moment you are born to the moment you die, is a process of learning.” Jiddu Krishnamurti

There is no end to learning, rather there are many beginnings. The search for knowledge is an infinite journey. What we know currently is only a framework that helps us to predict events and the consequences of our actions. We each see the world through our own individual frameworks, but there is no “one true knowledge.” We can always seek to learn more, discover more, and search for new perspectives. We can change our framework day in and day out, month by month, and year by year if we continue to learn and remember that there is no “one true knowledge.”

As individuals and society, we have always been challenged to discover knowledge. There are so many competing ideas in the world, not to mention all the unknowns yet to be discovered. We choose ideas to build our world views. Our framework defines how we see the current Pandemic, the BLM protests around the world, Reconciliation, and so much more. We pick or reject different ideas and theories based on our understanding of them. But we are lucky since we can always learn more and change our understanding. This process should never stop. We always need to keep updating our ideas and our understanding of the world. Learning is essentially responsible for that.

There is no end to our search for knowledge and capacity to learn new things. No kind of knowledge goes to waste. Even flawed theories teach us to be cautious and choose better in the future. Today is only the beginning.

At Cambie we are “Champions for students!”

Personalized Learning Time (PTL) 2021-2022
 Two periods of instructional time each week is set aside as “self-directed” time for students to independently learn and pursue their passions with teacher support and mentorship. Students are given choice and ownership over their learning, while staff facilitate by providing a supportive learning environment.

- 5 Guiding Principles for PLT**
1. Self-Directed, Self-Managed, Self-Regulated by students
 2. Build on Individual Student Passions
 3. Growth Mindset
 4. Core Competency Development
 5. Focus on Self-Care, Self-Aware, Physical and Mental Health for students

Yearbook Distribution – Tuesday, June 29th
 Yearbooks will be distributed outside the back of the rotunda (by the picnic tables) at the times listed above. Students must pick up their own yearbook in person and must have paid all outstanding fees/fines prior to collecting their yearbook.

Have a wonderful summer!!
