Every student, every day, whatever it takes!

“The highest form of human knowledge... is empathy, for it requires us to suspend our egos and understand the existence of another. It requires profound purpose larger than the self-kind of understanding.” Unknown

Listening and learning is our theme at Cambie for the year. Our goal is to engage our students and staff in creating a more equitable school and a more aware community. We want to create empathy for those that have been marginalized or mistreated and those that have experienced racism.

Empathy is the capacity to understand and share the feelings of others. It is the ability to be aware of other people’s emotions, experiences, and perspectives. At Cambie, we take into account each student’s beliefs, emotions, and personal situation when engaging students. We attempt to internalize the knowledge we gain through empathizing with students, so that it can guide our practice and define our school culture as inclusive.

It takes empathy to know when and how it is appropriate to teach someone. Sometimes empathizing is the only way to get someone to expose their vulnerabilities so that they can grow and learn. For these reasons, empathy is one of the most important skills of a teacher. Approaching others with empathy is the key to harmonize teaching practices with learning needs.

Acquiring knowledge through empathy is a cornerstone for good pedagogical practices. It is the highest form of human knowledge and a vital part of teaching and learning. **At Cambie we are “Champions for students!”**

Personalized Learning Time (PTL) start September 15th & 16th

Two periods of instructional time each week is set aside as “self-directed” time for students to independently learn and pursue their passions with teacher support and mentorship. Students are given choice and ownership over their learning, while staff facilitate by providing a supportive learning environment (Sign-up required).

5 Guiding Principles for PLT

1. Self-Directed, Self-Managed, Self-Regulated by students
2. Build on Individual Student Passions
3. Growth Mindset
4. Core Competency Development
5. Focus on Self-Care, Self-Aware, Physical and Mental Health for students

Student sign-up for PLT on Tuesday, September 14th (block D)

We will provide information on how to sign up for PLT sessions on Tuesday during block D. Teachers are asked to either share the information that will be provided with their students or join a Teams meeting at approximately 2:45 (link to be shared on Teams) with their class and admin will share the information. Students are asked to set their own goals and plan ahead for their PLT. We will use a web-based planning system where students will be able to enter their plans.
