Every student, every day, whatever it takes!
“Teaching is not a service, profession or a job. It is a pillar of society.”
Unknown

Teachers love teaching, this is not a secret. Every day is different and rewarding. It is conceptual and intellectual, abstract and concrete, creative and sequential.
 Teachers love teaching, because it is about young people and the future that we want to build together. Teaching is framed through an idea that if teachers share their knowledge and skills, they can draw out the potential of another and that tomorrow will be better than today because the young, the next generation, will be smarter, more knowledgeable, and more skillful.

Teachers love teaching about much more than content. They know it is about hearts, minds, the past, the future, cause and effect...whatever they can imagine! For them, teaching and learning is living life, constantly growing and developing.
 As we celebrate World Teacher Day on October 5, 2021, we honour people who have not only bestowed wisdom upon us but draw out our potential. It is the supreme art of teaching that awakens joy in creative expression and knowledge. There is no career more important than teaching because teachers model care, empathy, passion, fun, love, and so much more every day and with every student, without fail.

Teaching is not a lost art, but the regard we have for teachers is a lost tradition. It is true that, in some respect, everyone is a teacher; some just commit a lifetime to this noble pursuit that teaches all other professions.

At Cambie we are “Champions for students!”

Summary of Key Health & Safety Measures

- 1) Non-Medical Masks required for staff, students, & parents
- 2) Cleaning and Disinfecting will occur once every 24 hours
- 3) Food in school shouldn't be shared.

Communicating Student Learning

Student progress information will be communicated with parents in a variety of ways this year. For each subject, students will be given an interim report, a term report card at the mid-point of the semester and a final report card at the end of the Semester. These progress updates will include information about the learning progress to date and the student's work habits and engagement.

Many Cambie teachers are also using ePortfolios to showcase and share evidence of student learning. For these classes, progress information will also be available through ePortfolios. Parents will receive an email invitation to view their child's ePortfolio when learning evidence is posted.
